Due to the health and wellbeing of our patients with chronic respiratory and allergy issues we have implemented this new policy regarding **Service Animals**.

**NO DOGS ARE ALLOWED IN THE OFFICE.**

If You are bringing in your service animal please be aware of the following:

A service animal is a dog that is individually trained to do work or perform tasks for a person with a disability.

According to law we may ask if the animal is required because of a disability and what work or task the animal has been trained to perform. Expect us to ask.

The American with Disabilities Act cites that emotional support dogs or animals DO NOT HAVE THE TRAINING to do specific tasks in assisting a person with a disability or impairment, unlike service animals. Hence the pets may not be allowed to accompany their owner in public places.
